Stroke is a Woman's Issue!

Researching stroke it hit like a thunderbolt! Stroke is a woman's issue. Few discuss it, fewer realize it but when you look at the data - guess what - and we were shocked too.

Are You Surprised?

Did you know that?

55,000 more women than men have strokes;

Not discussed however:

More women than men are stroke caregivers -

Your life just changed!

Twice as many women die from stroke as breast cancer;

Here's a sad fact:

Woman are less likely to participate in clinical studies than men;

They should participate more to improve their disease outcomes!
